# Something about us

## Our Philosophy

It shouldn't be difficult for your organisation to lease, rent and purchase a printer / photocopier or even maintaining and servicing them.

## Our Mission

It is always our goal to provide you with the Documents Management or IT system that best suits your needs. We offer you a wide choice and tailor the best solution to suit your requirements and budget.

## Our Facilities

Our team of highly skilled engineers and are able to offer nationwide service cover coupled with our major stock holding of Printers, Parts and Toners.

# Tailor Made Ideas to Boost your Business

Innovative Toner Products

Managed Print Services

Service And Support

# Innovative Toner Products

## OEM Quality, Not OEM Prices ₹

Specializing in complex remanufactured colour, high yield and MICR toner cartridges that function in multiple brands and models of printers. JET Refill World gives companies a way to reduce expenses without compromising reliability.

## The Manufacturing Process

Print-for-print, we guarantee that our toner cartridges will always measure up to those from the big-name brands. To achieve quality that matches OEM standards. JET Refill World invests thousands of hours in engineering and refining its processes. Each step - reclamation to refurbishment, testing to shipping - benefits from our relentless attention to detail.

## Recycling Cartridges

Mostly all cartridges are made out of plastic. Plastic is a petroleum-based product and takes about 1,000 years to decompose. Every year millions of these empty inkjet cartridges & toner cartridges are thrown into the refuse bin. Recycling helps to reduce the amount of solid waste generated and also help to protect the environment.

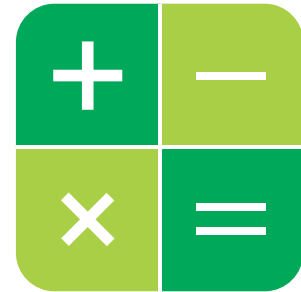

# Managed Print Services

## Cost Savings

Jet Refill World can offer a innovative managed agreement that encompass your fleet of equipment into a consolidated agreement. This approach will provide internal management with a true running costs of your fleet and your Total cost of ownership. This delivers an average cost saving of around 30% to 40% net whilst improving standards and rationalisation.

## Key Benefits

- Reduce Total Cost of ownership
- No CAPEX, only OPEX budget
- Cost free maintenance of equipment
- Device Rationalisation
- Single source provider for printing needs
- Per Toner Cartridge or per Page Billing

# Services and Support

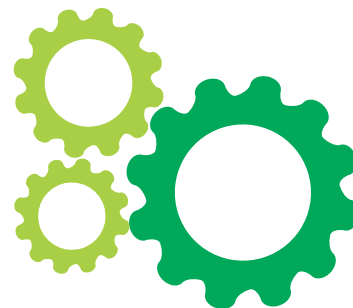

AT JET REFILL WORLD OUR TOP MOST PRIORITY IS TO KEEP YOUR PRINT COST DOWN AND EQUIPMENT UP AND RUNNING AT ALL TIMES.
